

ATTENDEE SUSTAINABILITY CHECKLIST

We aim for our event to be run in an environmentally and socially responsible way while seeking to inspire sustainable development in our industry. We do this not only because most of our attendees tell us that they care that our event is run responsibly but because it is the right thing to do for our customers, colleagues, and the communities we serve.

We encourage you to join our sustainability efforts by completing the 10-point checklist enclosed in this document. Working together, we can make the event more memorable, meet our audience's expectations and reduce wasted time, resources, and costs.

10 THINGS TO REMEMBER
